

# Alloy wheel X-TREM

**5E0 071 499 HA7**

ŠKODA  
Octavia RS (5E)

**Material:** Light metal alloy

**Colour:** Anthracite metallic – front polished

## Functionality and Aesthetics | Rigorous Tests | Robustness | Quality

With nineteen inches in diameter, the appropriately named **X-trem** are the **largest wheels** of the ŠKODA Genuine Accessories portfolio. Ten angled spokes provide the wheel with **interesting design**. They are capable of directing the passing air towards the braking discs. The X-trem wheels have passed **rigorous tests** according to strict standards of ŠKODA AUTO to test their resistance to climatic influences and driving strain. They are made of an alloy of aluminium and a few other light metals. They are cast as a solid piece and coated with a layer of extremely hard, heat-resistant protective finish. With **genuine design**, these wheels are a shiny example of combining quality, **functionality and aesthetics**. The X-trem wheels come in **Anthracite** colour and front polished, bringing their visual attractiveness to the next level. The suitability of these wheels for your specific car needs to be verified in its main registration card as this wheel size is reserved for the highest tier of Octavia RS models. For cleaning the X-trem wheels, it is recommended to use special gels from the ŠKODA Genuine Accessories portfolio in order to prevent surface damage.

**Wheel dimensions:** 7,5J x 19", ET 51

**Tyres:** 225/35 R19
